FOOTBALL FANS SHOULD SEE CLASSIC SATURDAY

Tars and Gators to Mix in Orlando; Intense Suspense In the Local Camp

Suspense is the word on the campus today for the big game of the season is to be staged tomorrow afternoon at the fair grounds in Orlando. At three bells and a half tomorrow the referee's whistle will sound over the assembled multitude of pigskin rooters in the "City Beautiful" and the Tar squad will attempt to prove to the lordly Gators that they are to have a rather formidable opponent in Rollins hereafter. Coach Ashburn's proteges are all out for the fray and those attending the game should see a football classic.

The entire student body will accompany the locals to Orlando. Will you be displayed tomorrow afternoon? Well, just to put it mildly, the rooters for Florida tomorrow afternoon are going to be surprised, for a good bit of blue and gold will strut forth on the fair grounds before the opening whistle is heard.

What will be the outcome of the game is a question which is uppermost in the minds of Tar supporters today. Well, it is hard to really dope the matter out, though the sporting editor of this honorable and meekly misused publication will venture the following as "dope" (which of course is liable to be spilt). Florida only defeated the Tars last year by the score of 33 to 0 in an hour and thirty minutes of play, the first half ended at the end of an hour's play, so say reputable friends of the editor of this junk, and the Gators and yhad fifteen points over the Tar squad. Well, this year it is guaranteed that the game will be of regulation length, so the locals will only fight for an hour, thus those thirty extra minutes of last year's play will not be on the debit side of the heavier Gator aggregation's books tomorrow. The Tars have a better team this year, and from Gator "news reports" the U. of F. has about the same squad with several losses in the way of football experts. The game tomorrow should be close, and if you will pardon the editor he will predict that but seven points will separate the two team's scores, and the Gators will find that the Tars have more than threatened their goal line.

Coach Ashburn has been hard at work during the last week of practice, which opened Monday. Although the

DELPHIC SOCIETY HOLDS ITS INITIAL MEETING OF THE YEAR; INTERESTING PROGRAM IS GIVEN BY OLD MEMBERS

Last Wednesday, the Delphic Literary Society held its first meeting of the college year. Mr. Kenneth C. Warner, '24, presided and appointed Mr. Charles Warner secretary pro tem. The constitution of the society was then read by President Warner, and an amendment introduced suggesting that the various committees chairman be abolished, and that the constitution provide for a chairman of the program committee, and a vice chairman, these to be the only officers outside of the regular officers of the society. This amendment was passed by a unanimous vote of those present, and automatically became a part of the constitution.

Several short talks were given by members of the society, as follows:

History of the Delphic, C. E. Ward.
Value of Debating, Edna Wallace.
Work of the Delphic, Rex Holiday.
Alpha Phi Epitaph, Maurine Faulkner.

After these talks everyone who desired membership in the society was given an opportunity to signify such intention by standing. A formal election then took place and a goodly number was added to the roll of the society. After this an election of officers for the next term was begun by nominating candidates, these to be elected at the next regular meeting of the society. The nominations were as follows:

President, Marian Stewart.
Vice-President, Florence Bumby.
Secretary, Charles Warner.
Treasurer, Curtis Athlone.
Chairman of Program Committee, Edna Wallace.
Vice-Chairman, E. C. Kaibach.

FOUNDING OF SOCIETY

The Delphic Literary Society was founded in 1892, under the name of "Friends in Council" and "Demosthenic Literary Society." These two societies were later combined and the name "Delphic" chosen.

The name "Delphic" was well chosen and included in its meaning a combination of what the Demosthenic Society and the Friends in Council had for years striven to attain. In Greece, the ancient town of Delphi stood in the center of a region noted for its classical associations, art, and philosophy, and the Delphians were renowned for their literary skill. The Oracle of Apollo, or the Delphic Oracle, as it is more familiarly known, was a shrine in the ground in the temple of Apollo. From this cleft intoxicating vapors issued and produced a feeling of ecstasy in the prophetess that breathed it. She was then inspired to make prophecies which were thoroughly believed by the people. Delphi owed much of its fame as a center of culture and learning to the Oracle.

The society published the first college paper in the state, known as the Demosthenic Demonstrator, published in 1892. The Sandspur was established in 1894 and was published by the society.

The history of this organization brings to light many interesting facts regarding the college and its work. Rex Beach, the popular novelist, was once president of the Demosthenic Society, and Fanny Dickinson Pinder, the well-known poet, was a member of the Friends in Council.

Since the organization of the society

Largest Enrollment In Years; Annex Under Construction; Unusually Strong Faculty

The Winter Park Public School opened its doors for the 1922-23 term on Monday, October 2nd. Vacation was over and three hundred boys and girls filed into the auditorium at nine o'clock to listen to the opening exercises. As a stream finds its way from the hilltop down across the plains to pour forth its energy, so many of these boys and girls had returned from their long vacations in the mountains to exert themselves in Winter Park school. In addition to the large body of pupils there were present about one hundred parents and friends of the school. This added much enthusiasm to the occasion.

Those who spoke to the children were Rev. Dunn, of the Baptist church, Dean Pardee of the Episcopal church, Dr. Harry Ingham of the Methodist church, Dean E. J. Sprague of Rollins College, Mr. E. F. Kessel, Mayor J. A. Treat, Mrs. H. Sievert, and Mr. W. H. Schultz. Dr. C. A. Vincent of the Congregational church was prevented from being present, but he sent his message in a poem which he composed while returning home from Europe. These brief addresses were listened to with much interest, and they contained much advice which if used by the students will be a great inspiration in their work. Principal W. B. Fogle made the announcements for the year.

Seventeen teachers compose a faculty among the very best to be found anywhere. The majority of them are college graduates and teachers of many years' experience. Besides the regular courses, work is given in Home Economics, Manual Training and Public School Music.

The rapid growth of the town has made it necessary to build more rooms to the present building which was erected in 1917. An addition of eight rooms is being constructed which will be completed about the first of the year. The building will then have eighteen class rooms, the cost of which will be approximately \$60,000.

The school will be placed in the list of state accredited schools this year, which fact will make it possible for the graduates to enter the various colleges and universities of the state without entrance examination. The

(Continued on page 6)

A BOND OF FRIENDSHIP

A close friendship should exist between the faculty and students of Rollins College and the residents of Winter Park.

May we all extend to each other that cordial and sincere invitation to meet one another as friends.

We should aim always to speak a good word for each other instead of creating an unfriendly feeling.

To Rollins College we owe a large portion of our success and prosperity.

—J. A. Treat, Mayor.

SUPPORT AT FLORIDA GAME

Rollins was proud to have rioters present from Stetson and Southern at the 1921 game with the University of Florida. We have placed no little value on the support these students gave OUR team while they were upholding Rollins on the field against the Gator, and hope that many more will come to the game tomorrow, and back us in our struggle for gridiron supremacy over the University. We want this year's fight to be an epoch in Florida football—for the University is not playing another institution in the state this season. For this reason, we think that all football enthusiasts in the state will be present—and we want the college element in the state represented.

Citizens of Winter Park and Orlando! We are expecting you on the sidelines in full force. This is our

biggest game of the year, and we offer you the greatest football classic ever presented by a Rollins eleven. We are planning to outshine the Tans of '21, and we want everyone out to see us do it. Can the University bring more supporters to Orlando than Rollins? Emphatically NOT! To prove it—we bet tomorrow and see. We're looking for you.

THE SANDSPUR A WINTER PARK INSTITUTION

For more than twenty-five years, The Sandspur has served the town of Winter Park and Rollins College in various capacities. The Editorial Management is always eager to enlarge the service of the paper for the patrons whom it serves. Just now, there seems to be an unusual opportunity for a unique piece of journalism, since Winter Park finds itself without a medium of expression to the world at large.

It has therefore been determined to extend The Sandspur's field to include the town of Winter Park. It is thought that this expansion will admirably serve the purpose of the college in developing its Department of Journalism.

It is hoped that the efforts of Rollins College and the Sandspur in progressive college journalism will meet and receive the hearty co-operation of the Winter Park people. The Sandspur pledges to "KEEP THE FAITH" and do all in its power to further the interests of the town of Winter Park and Rollins College.

SCHOOL SPIRIT OF THE GIRLS

Rollins has always had a good school spirit and has had state-wide publicity for having the best in Florida. But it is the ambition of the 1922-23 students to improve on this spirit so much that there will be no question as to how every student stands.

The first step taken in this Better Spirit Movement is that of the girls in taking the places of the boys working in the dining hall, so that they may devote more time to football. This is a sacrifice on their part, and is truly a step forward for Rollins. Too much cannot be said for the girls in doing this, since they are doing it for no reason whatsoever, except that the TEAM shall be a success.

Girls! Our hats are off to you—keep up the good work and we won't break faith with you, but will show you how it counts.

JOIN THE DELPHIC

The Delphic Society was founded at Rollins College in 1892. It is now sending out a call for new members, which should be heeded by as many students as possible, for membership in this organization means not only membership in the oldest organization on the campus, but real instructive practice in speaking before a crowd and of parliamentary law. These are things that a successful person can little afford to be without, so it behooves those who desire to be successful in life to avail themselves of this opportunity for membership.

CHASE HALL RECEPTION

Last Saturday evening the faculty and student body were invited to attend a reception at Chase Hall, given by the students living in Chase Hall. It was a sort of get-acquainted party, and everybody did, soon enough.

The back terrace was prettily decorated with moss and palm-trees, and the full moon on the lake gave an air of enchantment that sooner or later "gets" all students at Rollins and calls them back from all corners of the globe.

The "Chase Hall Rats" gave several sketches of the student life in Chase Hall, and some new and absolutely original songs were rendered by the Rat quartette! The last number on the program brought down the house. It was a song entitled "Don't Send Your Boy to Southern," sung by Mr. "Cotton" Thomas and Rat "Bo" Kalkbuck. Encores after encores brought this pair back on the stage to add another verse to the favorite song.

After the program, delicious refreshments were served to the guests, and then the chaire disappeared as if by magic and the rest of the evening was spent in dancing.

If a more perfect evening could be spent it would have to be in some other world than this. That moon! That lake! Our students! What more do you want? NOTHING!

RATS ELECT OFFICERS

At a called meeting of the class of '26 on October 4th, officers were elected for the coming college year. Frank Herrington, of Miami, has the honor of being the Rat leader for the coming year, and it is earnestly hoped that he will make freshman class one of the greatest in the history of Rollins. Mary Bahner, of St. Petersburg, was elected vice-president and Mary Grigsby, also of St. Petersburg, was elected secretary and treasurer.

The class voted that their colors be Green and Gold, and that the song submitted by Virginia Richardson, '26, be adopted as the class song. The song is:

TUNE—NOBODY LIED

Nobody lied when they said that the Freshies were game,
Somebody lied when they said the Freshies were tame.

Ever since we hit this school,
We've been raised by the golden rule.
We always do what we are told
(I'll say we do).

Nobody cried when they took our freedom away,
We must bow and howl every day.

We like to wear our little caps and
take our knocks and raps,

We know that in the future we'll cease to be mops.

Nobody lied when they said the Freshies were sports

MISS ELIZABETH MURPHY
POPULAR ROLLINS GIRL, TO
BE MARRIED IN TENNESSEE

Friends of Miss Elizabeth Murphy, of Martin, Tenn., who was a student in Rollins College three years ago, and a prominent member of Kappa Epsilon Fraternity, will be greatly interested in an announcement of her engagement which appeared recently in "The Commercial Appeal" of Memphis. The announcement of Miss Murphy's engagement was accompanied by a half-page photograph of her. Miss Murphy is to be married to Mr. William Carlton Coleman of Memphis, Tenn.

Miss Murphy is a niece of Mrs. Gray Rush, of Orlando, who is also a member of Kappa Epsilon.

MISS MARY A. GRIGSBY

Miss Mary A. Grigsby, '26, former St. Petersburg swimming star and member of the State Championship Swimming Team for Women, who represented Rollins in the Southeastern Amateur Athletic Union Swimming Championships held in Winter Park last month.

Raw! Raw! Raw!

Conway—"You eat my neck!"

Barber—"You said to shave your terrible black eye, did you meet with an accident?"

Conway—"But I didn't say to peel." Herrington—"I wouldn't exactly call her that."

I Gave Him That

Mary—"Why, Frank, you have a terrible black eye, did you meet with an accident?"

Herrington—"I wouldn't exactly call her that."

CAMPUS LIFE

Classes have begun,
We're all on the run
And barely have time
To have any fun!

Everything is running smoothly and absences from class are being reported. Sounds as if we mean business this year—WE DO!

Freshies, freshmen, everywhere, what do you say? Yellow and green are the colors of the freshman class this year and the green part is very appropriate—convenient, too, with green caps, satchels.

Cloverleaf held elections last week for house officers. Those elected were: Lucie G. Shreve, house president; Bertha Phell, first floor proctor; Miriam Stewart, second floor proctor; Pauline Phelps, third floor proctor. Orderly dorm this year—early start bespeaks a fine finish.

Everybody turned out for the Chase Hall reception and had a wonderful time. After the little rat play—the boys struck up some jazz and everyone danced until time to go home. Good night, ladies.

The two Marys—Ben and Gee—spent the week end in St. Petersburg. Lucky girls to go home so soon after they arrive.

We want the old pep from everybody tomorrow for the Tar-Gator game. Wear Gold and Blue if possible—and bring anything that makes a noise or that will aid your yelling. Maral help from the sidelines is what counts. Let's show Florida! Atta ole pep!

Girls! Boys! Look around, see Who's Who on the campus and pick your candidates for activities. Take interest enough in your school activities to care who holds office. Back up the ones in office and put in the best at the next opportunity you get. Who are your class officers? Who are your Student Association officials? Are they doing their work well? Give constructive criticism and take an "Ade High" interest in their efforts and results. Be a thoroughbred with school spirit!

Fifteen rags for the girls and non-football boys! "Reg'lar hashbangers!" The girls are now doing a man-sized job, and we are all well fed just the same. The boys are helping with the heavy work—and we are all enjoying it immensely! It's this sort of vigor and win that brings the victory.

Things are becoming settled now and we are all plunging into our work and the lakes regular. "Set gents, so we must cool off from all our working. The best house is doing a big business, as Sunday canoe shows is popular. "Blinker" Draa is the man to see, look him over, gents, and make your reservations for canoes early.

The Cloverleaf Crawl has come into general practice again, and who's to stop 'em if they don't go too slow? Many of the young waitresses need support after their labors in the Commons every day, so the "Crawlers" have a license for a while.

The Chase Hall steps still form the old grand stand before which all Cloverleaf-ites parade to and from the Beanery. Men are the same the world over—but then so are the women!

Essay on Frogs

"What a wonderful bird the frog are! When he stand, he sit almost. When he hop, he fly, almost. He ain't got no sense, hardly. When he sit he sit on what he ain't got almost."

DICKSON-IVES CO.

"ORLANDO'S FAVORITE SHOPPING PLACE"

RUX WOLF

The man who, it is hoped, will lead this year's squad to victory tomorrow. Rux is five feet ten in height and tips the scales at 16 pounds. As an end he should prove a tower of strength both to the offensive and defensive portion of the Tar fight this year. Rux was one of the most competent on last year's wonder team and because of his work during the 1921 season he was chosen to captain the 1922 squad. Coach Ashburn has a valuable man in "Baller" Wolf.

ON THE HOP

Will we tar and feather the Gator clan tomorrow? Well, they felt the sting of the Furman Hornet last Saturday and some three years ago Southern handed them the surprise of their lives so we'll put it mild by saying if the Gators aren't tarred during

the classic tomorrow the individual members of Kline's squad will at least realize that the tarring squad has been in their neighborhood. What say you, guys?

We thank you, Furman, for defeating Florida last week. By that stroke you have gained our friendship forever and a day.

Blue and Gold should predominate on the gridiron tomorrow afternoon. Let the folks over in Orlando know you are from Rollins by displaying the college colors.

Fight it out to the finish, boys. Perhaps there'll be some so-called dirty football pulled, but if we lose because of that fact, let's all be proud of the fact that the Tars played a clean, straight brand of the autumn pastime.

Yessum, we had the bestest time at the scrimmage Saturday afternoon. Everybody got excited 'n everything. My, but it was one rough scrap, even the referee is reported to have suffered a dislocated thumb.

Tee had the Legion squad couldn't come over Saturday. One thing though, as it is we have only five men knocked out and if the Orlando buskies had been on the field perhaps many other men would have heard the doctor call through the oblivion of a cuckooed head.

Didja notice the playing of Van Sinderin Saturday? If he keeps up that type of work the old boy will be a tower of strength to the Blue and Gold team this season.

Hard Luck, Charlie Warner! We're sorry you broke your wrist Saturday. Come on, gang, let's give him the locomotive!!!

Say, but this bird Doug Potter is getting to be a regular football strutter, isn't he? Wouldn't surprise us very much to see him "strut forth" on the gridiron tomorrow.

How do you like the Coach, fellows? Everyone in school thinks the old boy is a regular fellow, don't we gang? I'll say we do. The student body is behind you, Coach Ashburn, and we'll do our bit to help you win.

Seeds is another one of those Ohio lads. Well, he is just another bit of proof that the Bocheys states can handle the pigskin proficiently.

Just to pass the time away it might do your eyes good to give this boy Stanley Warner the once over. He seems to be good line material.

And that reminds us—Currie made the prettiest tackle staged during the scrimmage Saturday. Currie is a Floridian and it might be further said that Florida Crackers also know how to play football.

Manager Wright is our busy body around our campus. He is doing his best to get a good schedule for you boys, just wait and be patient, he may succeed.

Hard luck, Florida, in losing "Fats" Warthorn. He was an A-1 lineman and the Gators will miss him this season.

Yes—Yes—You TEAM.

Ain't It Hard?
Inet—"Why didn't you find out his name when the Prof. called the roll?"
Lee—"I tried to, but he answered four different names."

Luna or Looney
Midnight—

FRESHMEN RULES

To Be Enforced Until Otherwise Notified

1. All freshmen must wear green caps and are obliged to doff same upon meeting an upperclassman.
2. Upon approach of upperclassmen, all Freshmen must step off the walk and bow.
3. Freshmen must occupy first rows during Chapel service.
4. In a confectionery or drug store, all Freshmen must stand and remain standing until all upperclassmen are seated.
5. Freshmen class colors must be selected and worn as shoe ties no later than one week from today (Thursday).
6. During singing of College songs all Freshmen must stand with heads bowed.
7. The learning of all College songs by Freshmen is required before the date of October 14.
8. A song to be written to any tune by the Freshmen Class must be sung on the steps of the Commons at noon beginning Monday, October 8, before admittance to the dining hall, same repeated every day until ordered otherwise.
9. At all times Freshmen must act in a manner befitting their station.
10. Special adherence to commands of Sophomores and Seniors is advised.
11. No other than Rollins insignia is to be worn.

Severe penalties for disobedience will be enforced.

(Signed)

THE UPPERCLASSMEN.

CLASS OF '23 ELECTS OFFICERS

At a meeting of the Senior Class on October 1st the following officers were elected: F. R. Bridges, Jr., of Monticello, president; C. E. Ward, Miami, vice-president, and Miss Florence Rumbly, of Winter Garden, secretary and treasurer. The class of '23 is the largest graduating class at Rollins in many years and it is hoped that it will be the best as well.

Football Fans Should See Classic Saturday

(Continued from page 1)
exhibition Saturday afternoon was not much of a moleskin scene, yet it is believed that the coach has strengthened up the weak points noted Saturday, for if there ever has been a hard week of work the football lads have felt one during the past five days. As The Sandspur goes to press the entire coaching staff of the local aggregation is well pleased with the outlook for tomorrow's scrap.

The probable line-up for the local's tomorrow is: Emery, center; Van Sinderen, right guard; "Big Ken" Warner, right tackle; Lanney, right end; "Red" Silsby, left guard; "Big Six" Sutcliffe, left tackle; Rex Wolf, left end; Colado, quarter; Teare, right half; "Mickey" Baumbers, left half; "Cotton" Thomas, full back. Kline will no doubt bring the following Gators on the field tomorrow afternoon: Gunn, center; Scott, right guard; Doty, right tackle; Duncan, right end; Norton, left guard; Robinson, left tackle; Coleman, left end; Barchan, quarter; Pomeroy, left half; Dickson, right half; Hokenstead, full back.

Which Type of Research
is of Greatest Value?

A stove burns too much coal. A man familiar with the principles of combustion and heat radiation makes experiments which indicate desirable changes in design. That is research.

You want to make a ruby in a factory, a real ruby, indistinguishable by any test from the natural stone. You begin by analyzing rubies chemically and physically. Then you make rubies just as nature did. Your rubies are the result of research—another type of research.

While melting up your chemicals and experimenting with high temperatures, you begin to wonder how hot the earth must have been millions of years ago, and what were the forces at play that made this planet what it is. Your investigation leads you far from rubies and causes you to formulate theories to explain how the earth, how the whole solar system was created. That would be research of a still different type.

Research of all three types is conducted in the laboratories of the General Electric Company. But it is the third type—pioneering into the unknown—that means most in the long run, even though undertaken with no practical benefit in view.

For example, the Research Laboratories of the General Electric Company are exploring matter with X-rays in order to discover not only how the atoms in different substances are arranged but how the atoms themselves are built up. The more you know about a substance, the more you can do with it. This work may enable scientists to answer more definitely the question: Why is iron magnetic? Then the electrical industry will take a greater step forward than can be made in a century of experimenting with existing electrical apparatus.

You can add wings and stories to an old house. But to build a new house, you must begin with the foundation.

Who?

Which Prof. was it last Wednesday
that threw his wife out the back door
and kissed the garbage can good-
bye?

Watch It

Physiology Prof.—"Where are the
joints located?"
Freshman Kalbach—"I don't know,
I haven't been here long enough."

Better Than Bevo

Prof.—"Which is the most powerful
—oxygen, nitrogen or hydrogen?"
Class (in unison)—"God-damn."

Famous Words

"Ha, mingling with the grate," said
the cigarette stub as the stude flipped
it near the fireplace.

THE COLLEGE BANK

Bank of Winter Park

If it is "Good Enough for the College" is
it not "Good Enough for You."

Books Stationery School Supplies
Fancy Goods Musical Instruments
Music

O'Neal-Branch Co.

115 So. Orange Ave. Established 1886

Orlando, Florida

UNIVERSAL DRY CLEANING COMPANY

A Particular Place for Particular People

French Dry Cleaning, Pressing and Repairing of the Better Class. Alterations
New England Ave. Phone 597 Winter Park, Florida

Version 70000000013!

She—"Can you drive with one hand?"

He—"No, but I can borrow a horse and buggy for tomorrow night."

Restaurant

Waitress (calling out order)—"One stew."

Fresh—"You're wrong. My friend, here is in the same state."

Simple Directions

Posted in a women's college by astronomy instructress—"Anyone wishing to look at Venus please see me."

Modern Times

IN OLDEN DAYS

The Cave Men used to settle any family Quarrels with Their clubs.

Today, married men Desiring Peace And contentment Still resort To their Clubs.

Which shows that Time haven't changed Two bits.

—Boston Transcript.

Assistance Needed

Prof. Mahory—"Who's there?"
Burglar—"Lie still and keep quiet. I'm looking for money."

Prof—"Wait and I'll get up and look with you."

—Orange Peel.

Sort of S. O. S.

"What sort of a time is your friend having on his motor tour?"

"Great! I've had only two letters from him—one from a police-station and the other from a hospital."—Sydney (Australia) Bulletin.

After An Hour's Ride in the Country

She: "Don't you think that you have gone far enough?"

He: "Why, I haven't even put my arm around you."

Judging By His Habits

Visitor—"Does Mr. Crawford a student live here?"

Landlady—"Well, Mr. Crawford lives here, but I thought he was a nightwatchman."

—Goblin.

Babies

Two men quarreled about a baby, Which I thought a foolish thing to do.

Until I heard the baby Had just reached twenty-two.

She—"You've been smoking a Camel."

He—"How do you know?"

She—"There is a hair on your shoulder."

The Owl and the Grasshopper

"No shine today!" says every woman's nose.

Oftentimes a "dumb-bell" has a true ring.

Some of life's bitterest pills have a sugar-coating.

Honey and money are almost alike in spelling, but they differ greatly in sticking qualities.

'Tis a wise old owl that refrains from grass-hop-per "hoot-ch."

For words of flattery usually "there's a reason."

—Buster.
